SE - MONTERINGSANVISNING

Detta loungeset består av soffa, bord och två stolar.

Max belastning stol: 110 kg

Max belastning soffa: 2 x 110 kg

Max belastning bord: 50 kg

Montera på ett mjukt underlag, till exempel en matta så att du inte repar golv eller annat underlag. Använd insexnyckel, inte skruvdragare eftersom det då är lätt att dra för hårt eller dra sönder spåren i skruvarna. Var noggrann och följ anvisningarna steg för steg.

FÖRVARING OCH SKÖTSEL

Förvara möblerna skyddat under vintern, till exempel i förråd, källare eller garage. Om du behöver tvätta av tyget använd ljummet vatten och mildt diskmedel eller såpa. Torka med en svamp eller trasa.

NO - MONTERINGSANVISNING

Dette loungesettet består av sofa, bord og to stoler.

Maks. belastning stol: 110 kg

Maks. belastning sofa: 2 x 110 kg

Maks. belastning bord: 50 kg

Monter på et mykt underlag, for eksempel et teppe, slik at du ikke riper opp gulv eller annet underlag. Bruk unbrakonøkkel, ikke drill, siden det da blir lett å stramme til for mye eller skru i stykker sporene i skruene. Vær nøyaktig, og følg instruksjonene trinn for trinn.

OPPBEVARING OG VEDLIKEHOLD

Oppbevar møblene beskyttet om vinteren, for eksempel i bod, kjeller eller garasje. Hvis du må vaske stoffet, bruker du lunkent vann og mildt vaskemiddel eller såpe. Tørk av med en svamp eller klut.

FI - KOKOAMISOHJE

Seurusteluryhmään kuuluu sohva, pöytä ja kaksi tuolia.

Maksimikuormitus, tuoli: 110 kg

Maksimikuormitus, sohva: 2 x 110 kg

Maksimikuormitus, pöytä: 50 kg

Kokoa kalusteet pehmeällä alustalla, esimerkiksi matolla, ettei lattia tai muu alusta naarmuunnu. Ruuvit kiristetään kuu-siokoloavaimella, ei ruuvinvääntimellä, joka kiristää liitoksia helposti liikaa tai vahingoittaa ruuvien oteuria. Ole huolellinen ja noudata ohjeita vaihe vaiheena.

SÄILYTYS JA HOITO

Siirrä kalusteet talveksi suojaan esimerkiksi varastoon, kellarin tai autotalliin. Pese kangas tarvittaessa haalealla vedellä ja miedolla pesuaineella tai saippualla. Pyyhi sienellä tai liinalla.

DK - MONTERINGSANVISNING

Maks. belastning for stol: 110 kg

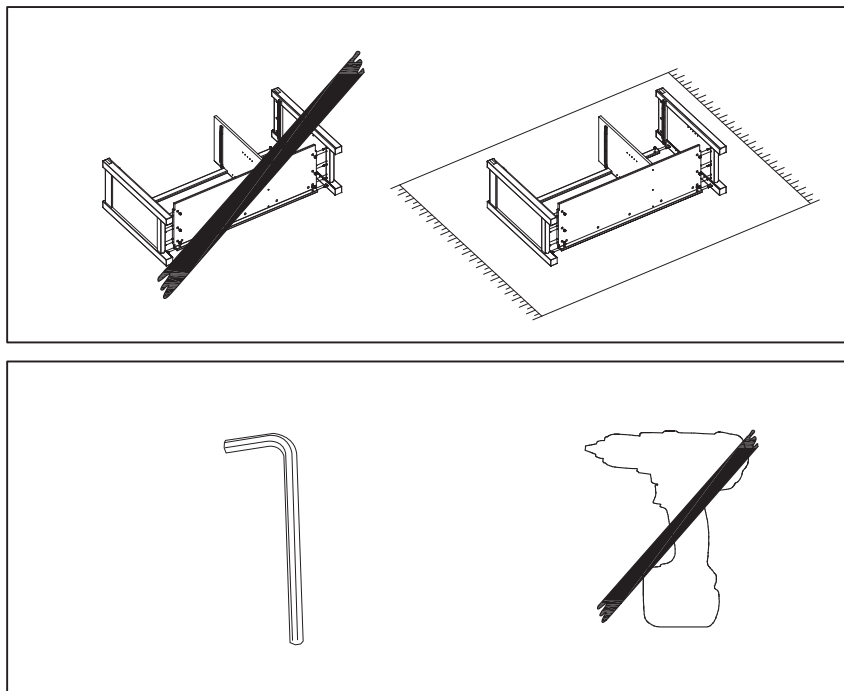

Maks. belastning for sofa: 2 x 110 kg

Maks. belastning for bord: 50 kg

Monter på en blød overflade, f.eks. et tæppe, så du ikke ridser gulve eller andre underlag. Brug unbrakonøgle, ikke skruetrækker, da det ellers er let at spænde for hårdt eller ødelægge kærven i skruerne. Vær omhyggelig, og følg instruktionerne trin for trin.

OPBEVARING OG PLEJE

Hold møblerne beskyttede om vinteren, for eksempel i lager, kælder eller garage. Hvis du har brug for at vaske stoffet, så brug lunkent vand og mildt opvaskemiddel eller sæbe. Tør med en svamp eller en klud.
